SÖNNUNGR

Bensmjör: Spartan Wound Salve

No Added Scent: Natural Scent of Ingredients

60ml/2oz Aluminum Tin

Traditional ancient Greek ingredients. All naturally extracted without the use of chemicals. No preservatives. No artificial colors. No synthetic elements. Handmade in Helluland with with natural olive oils, sheep wool oil, bees wax, honey, and plant extracts.

How it Works:

Calendula was used by Spartans for healing wounds after battle. Calendula extracts give the Spartan wound salve anti-inflammatory, anti-viral, and anti-genotoxic properties. The natural olive oils further nourish your skin, while the sheep wool oil and bees wax protect your skin against the elements. Finally, the honey provides disinfecting qualities.

The Spartan wound salve can be used to treat most wounds.

Directions:

Apply small amount on your wounds. Keep away from direct source of heat to prevent the salve from melting and store in a cool place.

MADE IN HELLULAND
