To Whom it May Concern:

We have no record of Parcs Canada communicating with the Professional Association of Wilderness Guides and Instructors via post mail, telephone, email, or other electronic means.

PAWGI has never given a “Notice of Noncompliance” to Parcs Canada, or to any other government agency, in Canada or anywhere else.

PAWGI has never decided to no longer operate in Canada’s national parks. The prerogative to operate in any park/area/region lays with the individual operator and/or certification holder, and not with our association.
